Greenery Facts

Supporting ICCS

ALTITUDE MATTERS

High elevation growth environments in the Pacific Northwest increase the heartiness of the bough. After harvest, the density of the Noble fir ensures the extended lifespan of our products.

Greenery exclusive to the Pacific Northwest!

QUALITY MATTERS

We ship our items in temperature-controlled refrigerated trucks that are set to mimic natural conditions and humidity of growing lands, allowing us to unconditionally guarantee our products from the shores of the Pacific to the East Coast.

FUNDS RAISED

All funds raised through the greenery sale will be used to supplement ICCS operating costs and allows us to make necessary upgrades to existing technology and classroom equipment.

FAMILIES GET PTO POINTS

When you purchase greenery from a student, the family receives credit toward their required PTO point goal.

ORDER IN BULK

We offer complimentary local delivery for customers ordering 10 or more greenery items as gifts for recipients living within a 15-mile radius of Lake Charles, LA.
