

Summer Learning Bingo Challenge

7th Grade Ideas

Independence

- Take ownership of daily responsibilities and chores without reminders
- Practice time management by balancing responsibilities, activities, and downtime
- Keep personal spaces, school supplies, and belongings organized
- Practice using a planner, checklist, or calendar to stay on top of tasks
- Build independence by preparing meals, helping plan activities, or managing responsibilities at home

Math

- Review fractions, decimals, percents, ratios, and integers
- Solve real-life math problems involving budgeting, shopping, cooking, or travel
- Practice explaining mathematical thinking and showing work clearly
- Strengthen problem-solving through logic puzzles, strategy games, or math practice
- Play games that build logic and critical thinking (chess, Sudoku, card games, strategy games, Monopoly, etc.)

Social Emotional Skills

- Practice healthy ways to manage challenges, disappointment, and big feelings
- Talk through friendship challenges and respectful ways to handle conflict
- Practice self-advocacy — respectfully asking questions, communicating needs, and seeking help when needed
- Build healthy habits for balancing screen time, responsibilities, sleep, and downtime
- Practice leadership, kindness, empathy, and including others

Reading & Literacy

- See Summer Reading for 7th Grade
- Summarize what was read and support ideas with text evidence
- Discuss theme, author's purpose, point of view, and character development
- Practice writing organized paragraphs with supporting details

Our Faith

- Continue daily prayer and family prayer time
- Attend Mass regularly and discuss the readings or Gospel afterward
- Reflect on ways to grow in faith through service, kindness, responsibility, and leadership
- Learn about saints or role models who demonstrated courage and perseverance
