

Summer Learning Bingo Challenge

8th Grade Ideas

Independence

- Take ownership of daily responsibilities and chores without reminders
- Practice strong time management by balancing responsibilities, activities, and downtime
- Keep school materials, digital files, and personal spaces organized
- Practice planning ahead using a calendar, checklist, or planner
- Build independence through responsibilities at home and helping others around you

Math

- Review fractions, decimals, percents, ratios, proportions, and basic algebra concepts
- Use math in real-life situations (budgeting, shopping, travel, cooking, or comparing prices)
- Solve multi-step problems and explain mathematical reasoning
- Strengthen problem-solving through logic puzzles, strategy games, or real-world challenges

Social Emotional Skills

- Practice healthy ways to manage challenges, disappointment, and big feelings
- Strengthen communication skills and practice handling disagreements respectfully
- Practice self-advocacy — asking questions, communicating needs, and seeking help when needed
- Build healthy habits for balancing screen time, responsibilities, sleep, and downtime
- Practice leadership, empathy, kindness, and being a positive influence on others

Reading & Literacy

- See Summer Reading for 8th Grade
- Summarize what was read and support ideas with text evidence
- Discuss theme, author's purpose, point of view, and character development
- Practice writing organized paragraphs with supporting details

Our Faith

- Continue personal and family prayer time
- Attend Mass regularly and reflect on the readings or Gospel afterward
- Look for ways to live the faith through service, leadership, kindness, and responsibility
- Reflect on personal gifts and how God may be calling you to use them to serve others
